Action Stations

Our action station prepares any meal station that needs some sort of action (cooking, mixing, adding toppings, etc.). A carving station is an extremely popular one. A chef attends the station and cuts pieces of meat to the guests' liking. It can also be a bit more involved, such as a pasta station. The chef would have different kinds of pastas already made, with different sauces available. To make it even more custom, there could also be different types of meats, vegetables, and cheeses. The guest would tell the chef what kind of pasta, sauce and other ingredients he or she would like included, and each plate would be made to order. We also provide a Self-Served stations as well!

There is really no limit to an action station besides your imagination. It could be customized to a certain type of food, like seafood, or a certain kind of cuisine, and even dessert. The possibilities are endless, but here are some ideas to inspire you!

Sushi station
Taco bar
Rice bar
Ice cream sundae bar
Omelet station

Coffee, tea and hot chocolate station
Salad bar
Pizza station

Nothing is off limits when it comes to customizing your Special day. Take some of these ideas and expand on them or come up with your own! Either way, The Fusions Chefs would be happy to create it for you!
